## Gov. DeSantis Signs Menstrual Hygiene Legislation!

Legislation authorizing Florida's school districts to make menstrual hygiene products available, at no charge, in schools goes into effect July 1, 2023.

It is alarming that one in four teens has missed class due to a lack of period supplies. We are happy that Florida's leaders recognize that sanitary menstrual supplies are as essential as toilet paper and soap for maintaining good health and school attendance. Providing period products in student bathrooms will allow girls to manage their periods safely and with dignity allowing them to focus on their education.

Encourage your schools to implement this new legislation!

## Who Needs Period Supplies?
